Someone will guide the whole library of Shah Alam, and explain us about the characteristics of the library, including how they select and collect the books as well as kamishibai. And explain how they use kamishibai(kamishibai regular session? lending kamishibai works? school visit of the librarians with kamishibai? etc) in their library.

If the librarians will be able to share time of kamishibai presentation, it will be wonderful.

15:30-16:30 Discussion/Networking (2.5hours)

Let's discuss and exchange ideas how we can expand the good collection of kamishibai works. How we can create the network to share the knowledge of kamishibai, and how we can make much of kamishibai for the disadvantaged children (refugees, immigrants, handicapped...).

Performance of the lecturer: **Wapper the Kind Monster** written by Etsuko Nozaka, illustrated by Nana Furiya

Closing

Note: All kamishibai titles are published by Doshinsha, Tokyo
